This Addendum forms a part of the Request for Proposal and modifies the original solicitation package as noted below.

- **Building Height**

Due to preliminary concerns expressed by the FAA regarding building height, proponents may present hotel concepts that do not exceed eight floors in height. As with any construction on an airport, the FAA must review and approve final plans to ensure height, reflectivity, communications, and navigation compatibility with aircraft operations.

- **Electrical Service Provider**

The Developer will be required to use Georgia Power as the service provider for electricity.
