The failure of the successful Proponent to execute the Agreement and to supply the required bonds within fifteen (15) days after the prescribed forms are presented for signature, or within such extended period as the City may grant, based upon reasons determined sufficient by the City, shall constitute a default, and the Proponent shall forfeit the Proposal Guarantee and the City may either award the Agreement to the next most responsive Proponent or re-advertise for Proposals, and may proceed against the Proposal Bond of the

29.2.3 Any Proponent intending to furnish substitute products is cautioned to verify that the item being furnished will perform the same functions and have the same capabilities as the item specified. 2. SERVICES.

2.1 In General. The City desires to obtain from Contractor the Services described generally on **Exhibit A** attached and as further described on Task Orders (individually, a "Task Order" and, collectively, the "Task Orders") that may be executed from time to time between the Parties, pursuant to this Agreement.

The Services to be provided by Contractor are those ordered by the City that are reflected in a Task Order executed by the City. Contractor agrees to provide to City the Services per the Agreement Documents and each Task Order issued by the City. Each Task Order will include at least the following:

- a reference to this Agreement;
- the Task Order Commencement Date;
- the required dates of Substantial and/or Final Completion of the Services, as applicable;
- the Services to be provided by the Contractor;
- required deliverables and submittals;
- the amounts payable and payment schedule for the Services; and
- any additional provisions applicable to the Services.

Except as provided for Emergency Work, no Task Order will become effective until it has been executed by an authorized representative of the City. A Task Order issued pursuant to this Agreement will be substantially in the form of **Exhibit A.2** hereto. All approved Task Orders shall be incorporated by reference into this Agreement.

2.1.1 Emergency Work. In some cases, the City may require emergency Services to be performed by the Contractor, which pose an imminent threat to the public health, safety, general welfare ("Emergency Work"). In such cases, the City's Authorized Representative shall notify the Contractor by email or other written communication the type and scope of work needed under the circumstances. Once notified, Contractor shall immediately mobilize and begin Services, as is necessary to remediate the emergency conditions. Payment for such Services shall be in accordance with Option 1, pursuant to Section 4.1.1.

2.1.2 Authorization. If applicable, this Agreement is authorized by legislation adopted by the City, which is attached as **Exhibit B**.

2.2. The sum of payments by City under each Task Order shall be specified by a Maximum Payment Amount (the Task Order Maximum Payment Amount) applicable to the services to be performed under such task order.

2.3 Task Orders under this Agreement may be issued by City without further legislative approval under Code section 2-1111, if the legislation authorizing this Agreement provides for such issuance. In such circumstances, the Task Order may be executed by the City's Chief Procurement Officer, head of the affected using agency or other appropriate designee on behalf of City. City, at its sole discretion, may unilaterally issue Task Orders for Services for which charges are established in this Agreement. Contractor shall promptly proceed with the Services set forth in any such Task Order. If City solicits a proposal from Contractor for a Task Order, Contractor shall submit its proposal with a Task Order containing all the necessary terms and executed by Contractor. Task Orders may be issued or executed during the term of this Agreement that contain a service performance period that extends beyond the term; provided, however that no Task Order may be issued or executed under this Agreement subsequent to the expiration or termination of the term.

2.4 City makes no representations or warranties about the quantity of services that will be requested or charges that will be paid under this Agreement. Any quantity of Services or amount of charges set forth in this Agreement are estimates only.

2.5 Initial Term. The initial term of this Agreement will be 2 years. This Agreement shall commence on the Effective Date and end on [_____]. The initial term of the Agreement and any renewal term(s) are collectively referred to as the "Term".

2.6 Renewal Terms. City shall have the right in its sole discretion to renew this Agreement for [3] additional one-year terms. If City desires to exercise an option to renew, it will submit legislation authorizing such renewal for

consideration by City's Council and Mayor prior to the expiration of the prior term. The legislation will establish that the date of such renewal will be the day immediately following the expiration day of the prior term.

If such legislation is enacted, City will notify service provider of such renewal, at which time service provider shall be bound to provide Services during such renewal term, without the need for the parties to execute any further documents evidencing such renewal, it being acknowledged by service provider that its initial execution of this Agreement is deemed its agreement to continue to provide Services during any renewal term.

3. COMPENSATION

3.1 Compensation for Services will be based upon agreed unit prices as set forth in the fee schedule attached as **Exhibit A.1**. No payment to Contractor shall exceed Annual Maximum Payment Amount; Task Order Maximum Payment Amount; the Total Sum; or the hourly rates, materials, reimbursable expenses and other payment terms identified in Exhibit A.1. All costs of items associated with the Work and incidentals necessary for the proper and timely completion of the Work shall be considered as included in the unit prices attached as **Exhibit A.1**. Payment for all Work in accordance with the unit prices identified in **Exhibit A.1** shall be full compensation for all labor, materials, equipment, methods, processes, construction manufacturing, tools, plants, designs, supplies, power, water transportation and any other things necessary or incidental to furnish, install, construct, and test the Work covered under the applicable unit price. The unit prices set forth in Exhibit A.1 are inclusive of all taxes, levies, duties and assessments of every nature in connection with the Services ("Taxes"). Services for which there is no price schedule set forth in **Exhibit A.1** shall be considered incidental to the Work and no compensation shall be allowed.

3.2 Contractor acknowledges and agrees that if the quantities originally contemplated under the Agreement Documents are materially changed so that application of such unit prices to quantities of the Work performed will cause substantial inequity to the City, the applicable unit prices shall be equitably adjusted pursuant to Article 8. For purposes of this Article 3.2, a change in quantities may be considered material if such change is greater than or equal to forty percent (40%) more than the quantities set forth in the Agreement Documents.

3.3 No money shall be paid by the City upon any claim, debt, demand or account whatsoever, to any person, firm, or corporation who is in arrears to the City for taxes, or any other debt or claim, and the City shall be entitled to counterclaim and/or offset any such debt, claim, demand or account in the amount of taxes so in arrears or other debts or claims of the City, and no assignment or transfer of such debt, claim, demand, or account after the said taxes are due or after any such debt or claim is asserted by the City, shall affect the right of the City to so offset the said taxes, debts, or other obligations against the same. Contractor agrees that the City shall be allowed to setoff and recoup any claim or demand that it may have against Contractor (or any of its constituent members if Contractor is a joint venture) whether such claim or demand is liquidated or unliquidated. Contractor further agrees that in the event it assigns or sells any amounts due or to become due under this Agreement, notice to the City of such assignment or sale shall not affect the City's rights of setoff or recoupment against Contractor for claims subsequently arising from this Agreement or any other contract with the City. Any assignee or purchaser of any amounts due Contractor under this Agreement shall be bound to these provisions and shall assume the risk of subsequently arising claims of setoff or recoupment.

4. TERMS OF PAYMENT

4.1 Payment to the Contractor will be made according to one of the following methods identified in this Article 4. Task Orders issued pursuant to this Agreement will identify the method of payment selected by the City. Selection of the applicable payment options identified in Articles 4.1.1 and 4.1.2 is in the City's sole discretion. In the event that a Task Order does not expressly state the procedure for payment selected by the City, then Contractor will be entitled to payment in accordance with Article 4.1.1. Contractor shall prepare and submit to City invoices for payment for all Services in accordance with the Task Order, which shall include such detail and format as the City may reasonably require.

Payment Methods

4.1.1 Option 1, Payment Upon Final Completion: Subject to the City's right to offset payment and its rights to withhold payment set forth in Article 4.4, Contractor shall be entitled to full payment for a Task Order sixty (60) days after achieving Final Completion of the Services required by a Task Order based upon a lump sum, based upon time and materials and calculated from the labor and materials categories set forth in **Exhibit A**. Contractor agrees to execute such payment application forms and release of claim forms as the City may require as a condition precedent to the City's obligation to make any payment to Contractor.

4.1.2 Option 2, Progress Payments: If the City elects to pay Contractor in accord with this Article 4.1.2, then upon issuance of a Task Order, Contractor shall submit to the City monthly invoices for Services performed. Each invoice shall be accompanied by a payment application identifying the applicable Task Order, such time sheets, daily reports, receipted invoices, invoices with check vouchers attached, Contractor's interim and final releases of lien and bond rights (as applicable), Contractor's sub-tier contractor interim and final releases of lien and bond rights (as applicable), Contractor's verification of quantities delivered pursuant to Task Order(s), all Drawings required by a Task Order, all documents, work product, and information required by the Specifications, and such other records as the City may reasonably request for the purpose of verifying the accuracy of the invoice (collectively "Documentation"). Subject to the City's right to offset payment and its rights to withhold payment set forth in Article 4.4, payment to Contractor will be made less applicable retention within thirty (30) days of receipt of all supporting Documentation required by the Agreement Documents. Contractor agrees to execute such payment application forms and release of claim forms as the City may require as a condition precedent to the City's obligation to make any payment.

4.2 This Article 4 completely supersedes the Georgia Prompt Pay Act as it relates to Owner payments and any modifications or successors to the Georgia Prompt Pay Act to the fullest extent allowed by law. Contractor acknowledges and agrees that payment shall be in accordance with the provisions of this Agreement and expressly waives its right to assert entitlement under O.C.G.A. § 13-1-11, *et. seq.* to the full extent permitted by law. Should the City fail to issue payment for undisputed amounts within ninety (90) days of approval, annual interest on the payment amount may accrue at the Prime Rate, plus one percent (1%). The Prime Rate shall be based on that published in the Wall Street Journal on the first business day of January or June, whichever has most recently passed, of the current year.

4.3 The City may decline to approve payment and may withhold any payment, in whole or in part because of: (a) defective work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of the contractor to promptly make payments to sub-tier contractors; (d) reasonable evidence that the Work cannot be completed for the Total Sum; (e) reasonable evidence that the Services will not be completed within the time required by a Task Order; (f) failure to carry out the Services in accordance with the requirements of the Agreement documents; (g) failure to comply with the insurance and bonding requirements of the Agreement Documents; (h) Contractor's insolvency or reasonable evidence that contractor fails to pay its debts as they come due; (i) liquidated damages due in accordance with article 9; or (j) a material failure of the contractor to comply with any of the requirements of the agreement documents. No full or partial payment of any invoice or any use of Services constitutes acceptance of any Services.

4.4 Any Disputes concerning payment shall be resolved in accordance with Article 16.

5. CONTRACTOR'S ACCOUNTING RECORDS AND THE CITY'S RIGHT OF AUDIT

Contractor shall keep full and detailed accounts and exercise such controls as may be necessary for proper financial management under this Agreement. The City shall be afforded reasonable access to Contractor's records, books, correspondence, instructions, drawings, receipts, subcontracts, purchase orders, memoranda, records of delivered quantities, daily reports, job cost reports, and such other data relating to this Agreement during normal

business hours at the location where such documents are stored by Contractor. The Contractor shall preserve all such related documentation for a period of two (2) years after the expiration of the Agreement Term. The City shall have the right to audit the books and records related to this Agreement at any time. Contractor shall provide access to its books and records associated with this Agreement within 72 hours of the City's provision of written notice to Contractor.

6. OBLIGATIONS OF THE CONTRACTOR

6.1 Contractor will perform all Services in a timely and professional manner, consistent with the Standard. Contractor shall not be deemed to be an agent of the City for any purpose but shall in all events be an independent contractor exercising control over its Services and the manner in which they are performed.

6.2 Contractor will not perform any Services until the City directs Contractor in writing to proceed. Unless otherwise specified in a Task Order, the execution of a Task Order by the City shall constitute notice and authorization to Contractor to proceed in strict accordance with the Agreement Documents.

6.3 Contractor will perform Services under this Agreement with the highest degree of skill and diligence normally practiced by contractors performing the same or similar services as are being performed by Contractor under this Agreement and under any Task Order in accordance with all applicable federal, state, local laws, ordinances, rules, regulations, and lawful orders ("Standard"). Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures and shall coordinate all portions of the Work under the Agreement Documents.

6.4 Contractor shall enforce strict discipline, professionalism, and good order among Contractor's employees and sub-tier contractors. The City may, after provision of written notice to Contractor, require Contractor to remove from the Work any employee the City deems incompetent, unprofessional, or otherwise objectionable, including any employee of Contractor's sub-tier contractors.

6.5 Unless otherwise provided in the Agreement Documents, Contractor shall secure and will provide all permits, licenses, and other applicable legal documents required for Contractor's performance of the Work required by the Agreement Documents. In no event will Contractor's failure to timely secure permits, licenses, and/or other applicable legal documents serve as a basis for a Claim under this Agreement.

6.6 Key Personnel and Key Subcontractors. The following persons are identified by the Contractor as its key personnel that will provide the Work and Services required by the Agreement Documents:

6.6.1 Key Personnel:

- (a) _____;
- (b) _____; and
- (c) _____.

6.6.2 Key Subcontractors:

- (a) _____;
- (b) _____; and
- (c) _____.

6.6.3 Contractor shall not transfer, reassign or replace Key Personnel and/or Key Subcontractors identified in Articles 6.6.1 and 6.6.2, except as the result of retirement, voluntary resignation, involuntary termination for cause in Contractor's sole discretion, illness, disability, or death, during the term of this Agreement without the prior written approval from the City.

6.7 Suspension of the Work. The City may, by written notice to Contractor, suspend at any time the performance of any or all of the Work to be performed under this Agreement. Contractor shall be entitled to request an extension of time pursuant to Article 8 in the event the City issues a suspension notice per this Article 6.7. Unless the suspension notice directs otherwise, upon receipt of a suspension notice Contractor must:

6.7.1 immediately discontinue suspended Work on the date and to the extent specified in the notice;

6.7.2 place no further orders or subcontracts for materials, services or facilities with respect to suspended Work, other than to the extent required in the notice; and

6.7.3 take any other reasonable steps to minimize costs associated with the suspension.

6.8 The City shall designate to the Contractor in writing a representative(s) (the "City Representative") who shall serve as primary interface and the single-point of communication for the provision of Services; have day-to-day interaction with Contractor to address issues relating to this Agreement; and to the extent provided under applicable laws and the City's Code of Ordinances, have the authority to execute any additional documents or Change Orders on behalf of City. Any Work, document, or item to be submitted or prepared by Contractor hereunder shall be subject to the review of the City Representative. The City Representative may disapprove, if in the City Representative's sole opinion the Service, Documentation, Drawing or item is not in accordance with the requirements of the Agreement Documents or sound professional principles, or is impractical, uneconomical or unsuited for the purposes for which the Service, document or item is intended. If any of the said items or any portion thereof are so disapproved, Contractor shall revise and/or correct the Work so that it meets the approval of the City Representative at no additional cost to the City. The "City Representative" may also be referred to as the "City Engineer."

6.9 Contractor shall diligently perform the Services required by a Task Order within the time required by the Task Order notwithstanding any disputes or disagreements with City. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, except as City may otherwise direct pursuant to this Agreement. Contractor's failure or refusal to work through disputes in accordance with this Article 6.9 shall be deemed a material default under this Agreement, which will entitle the City to immediately rely upon Contractor's sureties to cure said default.

6.10 Except as otherwise expressly provided in this Agreement, all Drawings, Documentation, reports, information, data, specifications, computer programs, technical reports, operating manuals and similar work or other documents, all deliverables, and other work product prepared or authored by Contractor or any of its sub-tier contractors exclusively for the City under this Agreement, and all intellectual property rights associated with the foregoing items (collectively, the "Work Product") shall be and remain the sole and exclusive property of the City. Any of Contractor's or its sub-tier contractors' works of authorship comprised within the Work Product (whether created alone or in concert with City or a third party) shall be deemed to be "works made for hire" and made in the course of Services rendered and, whether pursuant to the provisions of Section 101 of the U.S. Copyright Act or other applicable law, such Work Product shall belong exclusively to City. Contractor and its sub-tier contractors grant the City a non-exclusive, irrevocable, global, perpetual, transferable, fully paid up, royalty free license to all Work Product not exclusively developed for City under this Agreement.

6.10.1 If any of the Work Product is determined not to be a work made for hire, Contractor hereby assigns to the City, worldwide and in perpetuity, all rights, including proprietary rights, copyrights, and related rights, and all extensions and renewals of those rights, in the Work Product. If Contractor has any rights to the Work Product that

cannot be assigned to City, Contractor unconditionally and irrevocably waives the enforcement of such rights and irrevocably grants to City during the term of such rights an exclusive, irrevocable, perpetual, transferable, global, fully paid and royalty-free license, with rights to sublicense through multiple levels of sub-licensees, to reproduce, make, have made, create derivative works of, distribute, publicly perform and publicly display by all means, now known or later developed, such rights.

6.10.2 The City shall have the sole and exclusive right to apply for, obtain, register, hold and renew, in its own name or for its own benefit, all patents, copyrights, applications and registrations, renewals and continuations and all other appropriate protection.

6.10.3 To the extent exclusive title or complete and exclusive ownership rights in any Work Product created by Contractor may not originally vest in City by operation of applicable law, Contractor shall immediately upon request, unconditionally and irrevocably assign, transfer and convey to the City all rights, title and interest in the Work Product.

6.10.4 Without any additional cost to the City, Contractor and its personnel shall promptly give City all reasonable assistance and execute all documents the City may reasonably request to enable the City to perfect, preserve, enforce, register and record its rights in all Work Product. Contractor irrevocably designates City as Contractor's agent and attorney-in-fact to execute, deliver and file, if necessary, any documents necessary to give effect to the provisions of this Article 6.10 and to take all actions necessary, in Contractor's name, with the same force and effect as if performed by Contractor.

6.11 Contractor shall take all reasonable precautions for the safety of, and shall provide all reasonable protection to prevent damage, injury, or loss to: (a) all employees on the Work and all other persons who may be affected thereby; (b) all the Work and materials to be incorporated therein, whether in storage or not, under the care, custody, or control of Contractor or any of Contractor's sub-tier contractors; (c) other property at the site where the Work is being performed or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction; and (d) the Work of the City or other separate contractors.

6.11.1 Contractor shall give all notices and comply with all applicable laws, ordinances, rules, regulations, and lawful orders of any public authority bearing on the safety of persons or property or their protection from damage, injury, or loss.

6.11.2 Contractor shall erect and maintain, as required by existing conditions and the progress of the Work, all reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying owners and users of adjacent utilities.

6.11.3 When the use or storage of explosives or other hazardous materials or equipment is necessary for the execution of the Work, Contractor shall exercise the utmost care and shall carry on such activities under the supervision of properly qualified personnel.

6.11.4 Contractor shall promptly remedy all damage or loss to any property caused in whole or in part by Contractor, any subcontractor, any sub-tier contractor or anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable, except damage or loss attributable solely to the acts or omissions of the City and not attributable to the fault or negligence of Contractor. The foregoing obligations of Contractor are in addition to Contractor's obligations under Article 7 and **Exhibit A** or other provisions of the Agreement Documents.

6.11.5 Contractor shall not load or permit any part of the Work to be loaded so as to endanger its safety.

6.11.6 In any emergency affecting the safety of persons or property, Contractor shall act, at Contractor's discretion, to prevent threatened damage, injury or loss.

6.11.7 Contractor acknowledges that it is fully aware of appropriate and safe procedures regarding blasting, including the contents and requirements of Official Code of Georgia Annotated § 25-9-1 through § 25-9-12, Blasting or Excavating Near Underground Gas Pipes and Facilities, any amendments thereto and rules and regulations issued pursuant thereto, and Contractor shall fully comply therewith. Contractor agrees and acknowledges that any failure on its part to adhere to appropriate procedures and said laws, rules and regulations shall not only be a violation of law but shall also be a breach of Agreement.

6.11.8 Contractor acknowledges that it is fully aware of appropriate and safe procedures regarding high voltage lines, including the contents and requirements of Official Code of Georgia Annotated § 46-3-30 through § 46-3-39, Safeguards Against Contact with High Voltage Lines, any amendments thereto and rules and regulations issued pursuant thereto, and Contractor shall fully comply therewith. Contractor agrees that any failure on its part to adhere to appropriate procedures and said laws, rules and regulations shall not only be a violation of the law but shall also be a breach of Agreement.

6.11.9 Contractor acknowledges and agrees that it is the entity responsible under the law and that it is the entity employing or directing others to perform labor within the meaning of Official Code of Georgia Annotated § 34-1-1, Labor and Industrial Relations. It acknowledges and agrees likewise that it will comply with said law.

6.11.10 Contractor shall protect all Work, including but not limited to, excavations and trenches, from rain water, surface water, and backup of drains and sewers. Contractor shall furnish all labor, pumps, shoring, enclosures, and equipment necessary to protect and keep the Work free of water.

6.11.11 The provisions, terms and conditions of this Article 6 are in no way intended to limit the general requirements or the applicability of laws relating to Work conditions, safety or accident prevention and no specific provision or combination of specific provisions in any provision of Article 6 or in any other parts of the Agreement Documents shall be deemed to limit the obligations or responsibility of Contractor contained in general provisions with respect thereto or in laws, statutes, acts, rules or regulations which are applicable to Contractor but which are not specifically referred to in any part of the Agreement Documents.

7. INSURANCE AND BONDING

The Contractor shall procure and maintain, at its own cost, during the term of this Agreement the Insurance and Bonds Required by Appendix B.

8. CHANGES AND CLAIMS

8.1 Owner shall have the right at any time during the progress of the Work to increase or decrease the Services required by a Task Order or the time required for delivery of the Services (a "Change") pursuant to this Agreement. Any modification to a Task Order or this Agreement shall be set forth in a Change Form executed by the City and the Contractor, which documents the parties' mutual agreement as to the effect of the Change, the modification of the scope of the Task Order, and/or the amount of time required by a Task Order. It is expressly agreed that, except in an emergency endangering life or property, no additions or changes to the Work shall be made except upon written order of Owner, and Owner shall not be liable to Contractor for any extra labor, materials, or equipment furnished without such written order. No officer, employee, or agent of Owner is authorized to direct any extra or changed work by verbal order nor is Contractor authorized to proceed with any Work upon verbal order that results in a modification to the time or price of a Task Order.

8.2 The unit prices set forth in **Exhibit A.1** shall not be subject to modification pursuant to this Article. Except as provided by applicable law, in no event will a Change Order exceed the Total Sum authorized by the City pursuant to this Agreement.

8.3 Subject to the limitations set forth in Article 17, Contractor shall provide written notice to the City of any Claim within seven (7) calendar days of the occurrence of the event giving rise to the Claim, as well as (a) a narrative statement describing the amount and bases of the Claim; (b) the precise number of days claimed as a result of any delay or impact to the Work; and (c) a detailed calculation of the precise amount of additional compensation claimed with all required supporting Documentation. The failure of the Contractor to file any Claim within the time limits prescribed herein or in the form or manner as required hereby shall be deemed a material prejudice to the interests of the City and shall constitute a waiver and release of the Claim and the right to file or thereafter prosecute the same.

9. TIME

9.1 The Parties acknowledge that TIME IS OF THE ESSENCE for performance of the obligations required by this Agreement.

9.2 Contractor shall commence Work and proceed diligently with the Services, in accordance with the time specified by a Task Order. Contractor shall achieve Substantial Completion and Final Completion of the Services required by a Task Order within the times set forth in a Task Order.

9.2.1 When Contractor believes that the Services that are the subject of a Task Order are substantially complete, Contractor shall prepare a list of items and deliverables to be completed or corrected. The City may review the list of items and deliverables to be completed or corrected prepared by the Contractor and review the Services within a reasonable time after receipt of written notice from the Contractor and modify this list to include additional items. After Contractor has completed or corrected items necessary for achieving Substantial Completion it shall notify the City in writing. Thereafter, the City will review the Services and notify the Contractor in writing whether the Services have achieved Substantial Completion, as applicable.

9.2.2 If applicable, upon achieving Substantial Completion of the Services, as required by a Task Order, the Contractor will identify all punch-list items necessary for achieving Final Completion of the Work and provide this information to the City. After completion of all punch-list items and delivery of all Documentation necessary for Final Completion of a Task Order, the Contractor shall forward written notice to the City that the Services are ready for final review and acceptance and shall also forward a final application for payment. When the City finds that the Services are acceptable and fully completed in accordance with the Agreement Documents, the City will issue a certificate for Final Payment that will approve the Final Payment due the Contractor under an applicable Task Order.

9.2.3 Neither Final Payment nor retention shall become due until the Contractor submits to the City the following: (a) an affidavit that all payrolls and other indebtedness connected with the Work have been paid or otherwise satisfied; (b) consent of Contractor's surety to Final Payment; and (c) any Drawings and Documentation required by a Task Order.

9.2.4 The acceptance of Final Payment by Contractor shall constitute a complete waiver and release of all claims against the City by Contractor.

9.3 In the event Contractor fails to achieve either Substantial Completion or Final Completion within the time required by a Task Order, then Contractor or its sureties shall pay to the City the following amounts upon demand:

Applicable Range of Estimated Task Order Amount	Substantial Completion Liquidated Damages	Final Completion Liquidated Damages
0 to \$50,000	Not Applicable	Up to \$250 per day
\$50,000.01 - \$100,000	Not Applicable	Up to \$250 per day
\$100,000.01 - \$250,000	Not Applicable	Up to \$250 per day
\$250,000.01 - \$500,000	Not Applicable	Up to \$250 per day
\$500,000.01 - \$1,000,000	Not Applicable	Up to \$250 per day
Over \$1,000,000.00	Not Applicable	Up to \$250 per day

9.3.3 The amounts set forth in Articles 9.3.1 and 9.3.2 shall be referred to herein as "Liquidated Damages." The amount of such charges is hereby agreed upon as a reasonable estimate of the probable loss of the City in the event Contractor fails to achieve the Substantial Completion and/or the Final Completion requirements of Task Orders. The Liquidated Damages are fixed per this Article 9 because of the difficulty of ascertaining the exact amount of losses the City will actually incur as a result of Contractor's delayed completion of a Task Order.

9.4 No payment(s) made, payment application(s) approved, partial use of the Services, or complete use of the Work by the City shall be deemed an acceptance of Services that do not conform to the requirements of the Agreement Documents.

10. FAILURE TO PERFORM AND TERMINATION FOR DEFAULT.

10.1 If Contractor (a) fails or refuses to proceed with or to perform its Work in accordance with the Agreement Documents, (b) fails or refuses to perform properly or abide by any terms, covenants, conditions or provisions contained in this Agreement or (c) fails or refuses to obey laws, ordinances, regulations or other codes of conduct, Owner shall have the right to terminate Contractor's right to proceed under this Agreement. If Owner determines that Contractor has not remedied and cured the default or defaults in its performance within seven (7) calendar days following receipt by Contractor of written notice of said default or defaults or such shorter period as the circumstances may justify, in which case such shorter period shall be identified in Owner's written notice, then Owner may, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right it may be entitled to hereunder or by law, terminate Contractor's right to proceed under a Task Order or this Agreement and take possession of the Work and all materials, tools, equipment and appliances of Contractor, take assignment of all of Contractor's subcontracts and purchase orders, and complete Contractor's Work by whatever means, methods or agency which Owner may, in its sole discretion, choose. In the event that Contractor's right to proceed has been terminated, Contractor agrees that it shall not be entitled to receive any further payment until after the Work has been completed. Moreover, all monies expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other direct and indirect expenses (including attorneys' fees, arbitrator's fees, filing fees, expert fees, and all other costs and expenses associated with the default) incurred by Owner incident to such completion, shall be deducted from any amounts otherwise due or to become due the Contractor, and if such expenditures, together with said costs, losses, damages and extra expenses, exceed the

unpaid balance of the Task Order Maximum Payment Amount, Contractor and its surety agree to pay promptly to Owner, on demand, the full amount of such excess, including costs of collection, attorneys' fees and interest thereon at the maximum legal rate of interest until paid.

10.2 Owner's determination of Contractor's default or defaults and Owner's decision as to Contractor's failure to remedy and cure said default or defaults upon notification of their existence, made by Owner under the belief that a default or defaults existed under the terms hereof and that Contractor failed to remedy and cure said default or defaults, shall be conclusive (a) as to Owner's right to proceed as herein provided, and (b) as to Contractor's surety's obligation to perform the obligations assumed under Contractor's performance and/or payment bond. The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained and obligations assumed by Owner under the belief that such payments or assumptions were necessary or required (a) in completion of the Work and in providing labor, materials, equipment, supplies and other items therefor or re-letting the Agreement and (b) in settlement, discharge or compromise of any claims, demands, suits and judgments pertaining to or arising out of the Work hereunder. A sworn itemized statement thereof or the checks or other evidence of payment shall be *prima facie* evidence of the fact and extent of Contractor's liability.

10.3 In the event Contractor is in default, Owner shall have the right to supplement Contractor's forces without terminating this Agreement for default and deduct the cost of the same from any amounts otherwise due Contractor.

10.4 In the event any termination for default is found to be wrongful or improper, Contractor agrees that its sole and exclusive remedy is to have the termination treated as a termination for convenience in accordance with Article 11, Termination for Convenience.

10.5 In addition to the bases for termination of this Agreement under Articles 10.1 and 10.2, the City may, at its option, terminate this Agreement for cause immediately by providing written notice to Contractor if Contractor engages in behavior that is dishonest, fraudulent, or constitutes a conflict of interest with Contractor's obligations under this Agreement or is in violation of any of the City's Ethics Ordinances. Contractor shall immediately notify the City in writing, specifically disclosing any and all potential or actual conflicts of interest, which arise or may arise during the Term of this Agreement. City shall make a written determination as to whether a conflict of interest actually exists and the actions to be taken to resolve the conflict of interest.

11. Termination For Convenience, Termination For Lack Of Appropriations.

11.1 Termination For Convenience. The City shall have the right to terminate this agreement or a Task Order without cause upon seven (7) calendar days written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against Owner shall be limited to Services performed through the date of termination, calculated on a percent complete basis, together with any retainage withheld, if applicable, plus reasonable close-out and termination costs approved by the Owner, less the amount of prior payments to the Contractor, and Contractor shall not be entitled to any other and further recovery against Owner, including, but not limited to, anticipated profit on work not performed. In no event shall Contractor be entitled to a "cost-plus" recovery from Owner.

11.2 TERMINATION For Lack Of Appropriations. If, during any year of this Agreement, legislation establishing a Total Sum for the following year is not enacted, this Agreement will terminate in its entirety on the last day of the Agreement term for which a total sum has been legislatively authorized; provided, however, that Task Orders funded out of a previously legislatively authorized total sum amount may continue beyond such termination date. Furthermore, at any time during the term of this Agreement, City shall be entitled to terminate the Agreement for lack of appropriations or sufficient funding under the agreement upon providing thirty (30) days written notice to Contractor that the sufficient funding is not present to perform the Services under this Agreement. If the City

terminates the Agreement pursuant to this provision, Contractor's recovery against Owner shall be in accordance with Section 11.1, above.

12. FORCE MAJEURE

Any delay in performance caused by terrorist attacks, insurrections, storms, fires, hurricanes, tornadoes, earth quakes, or other acts of God ("Force Majeure Event") shall excuse the performance of both parties for the duration the Force Majeure Event is in effect. If the Contractor is delayed at any time in the progress of the Work by a Force Majeure Event, then Contractor will be entitled to seek a Change Order in accordance with the requirements of Article 8. Any extension of Contract Time on account of a Force Majeure Event shall be net of any delays caused by or due to the fault or negligence of Contractor. The Contractor shall cooperate in good faith with the City to minimize the impact of any such occurrence. No extension of time shall be granted unless the Force Majeure Event causes a delay to a Substantial Completion Date, and such delay is proven by an independent critical path analysis of the effected work activities. Contractor shall not be entitled to any compensation for a Force Majeure Event delay. Contractor's sole remedy for Force Majeure Event delay shall be a time extension.

13. WARRANTY

Contractor warrants to the City that all materials and equipment furnished under this Agreement will be new and of workmanlike quality unless otherwise specified, and that all Work will be of good quality, free from faults and defects and in conformance with the Agreement Documents. All Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. If required by City, Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment. This warranty is not limited by any other provision of the Agreement Documents. The Warranties set forth in this Article and elsewhere in the Agreement Documents shall survive Final Completion of any Work done and the Agreement Term. All warranties are in addition to the rights, remedies, and redress that the City has at law or in equity, and none of Contractor's warranties shall be deemed a sole or exclusive remedy to the City.

13.2 If within one (1) year from the expiration of the Agreement Term or Final Completion of a Task Order (whichever timeframe is longer), or within such longer period of time as may be prescribed by law or by the term of any applicable special warranty required by the Agreement Documents ("Warranty Period"), any of the Work is found to be defective or not in accordance with the Agreement Documents, Contractor shall correct it promptly after receipt of a written notice from the City to do so. This obligation shall survive both Final Payment for the Work or designated portion thereof and termination of the Agreement. Contractor acknowledges that the Warranty Period provides a period during which Contractor has a duty to repair and does not in any way limit Contractor's liability for Work that is not in accordance with the Agreement Documents, including any that may be discovered more than one (1) year after the date of Final Completion of a Task Order or expiration of the Agreement Term.

13.3 Without limiting the responsibility or liability of Contractor under the Agreement, all warranties given by manufacturers on materials or equipment incorporated in the Work are hereby assigned by Contractor to the City at no additional cost to the City. If requested, Contractor shall execute enforceable formal assignments of said manufacturer's warranties to the City at no additional cost to the City. Contractor shall not obtain any materials or equipment under warranties, which do not run directly to the benefit of the City, and all such warranties shall be directly enforceable by the City.

13.4 The foregoing warranties, and those contained elsewhere in the Agreement Documents or implied by law, shall be deemed cumulative and not alternative or exclusive. No one or more of them shall be deemed to alter or limit any other.

14. CORRECTION OF THE WORK

The Contractor shall promptly correct Work rejected by the City or Work failing to conform to the requirements of the Agreement Documents, whether discovered before or after Substantial Completion of a Task Order and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Owner's, Owner's consultants, or a design professionals' services and expenses made necessary thereby, shall be at the Contractor's expense. If the Contractor fails to correct defective or non-conforming Work within seventy-two (72) hours from receipt of the City's written notice, then the City shall have the right to correct the defective or non-conforming work at Contractor's expense.

15. INDEMNIFICATION

15.1 To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless the Owner and from and against any and all claims, damages, losses, demands, judgments and costs of suit or defense, including attorneys' fees, and reimburse Owner for any expense, damage or liability incurred by Owner whether for personal injury, property damage, direct or consequential damage, or economic loss arising or alleged to have arisen from the acts or omissions of Contractor, a subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to any party or person. This indemnity obligation shall include, but not be limited to, claims made or lawsuits filed by employees of Contractor or employees of anyone for whose acts Contractor may be liable, and claims made or lawsuits filed by employees of Owner. The foregoing indemnification does not apply to claims arising out of the sole negligence of Owner. Contractor further agrees to reimburse Owner for all costs and expenses, including attorneys' fees, expert witness fees, and/or consultant fees incurred to enforce these indemnity obligations.

15.2 Contractor will save and keep all Projects related to this Agreement free from all mechanics' liens and all other liens by reason of its Work or of any materials or other things used by it therein. If Contractor fails to remove any lien by bonding it, or otherwise, Owner, among other remedies, may retain sufficient funds out of any money due or thereafter to become due by Owner to Contractor to pay the same and all costs incurred by reason thereof, and may pay said lien or liens and Owner's costs associated with the lien or liens including reasonable attorneys' fees out of any funds at any time in the hands of Owner owing to Contractor. Contractor agrees that it shall be obliged to bond off any claim of lien of any of its subcontractors or suppliers notwithstanding any claim or argument as to non-payment or an alleged prior breach by Owner as an alleged result of non-payment. Contractor's obligation to bond off all liens of its subcontractors and suppliers is absolute and unconditional, and Contractor's failure to bond off any lien shall be deemed a material breach and default of this Agreement. Contractor's performance and/or payment bond sureties shall be obliged to bond all liens filed by subcontractors and suppliers of Contractor in the event that Contractor fails for any reason whatsoever to bond any such lien filed after ten (10) days written notice from Owner to Contractor demanding the bonding of such lien(s). Contractor understands and agrees that it shall ensure that its own subcontractors and suppliers have the same obligations as Contractor under this Article.

15.3 Contractor shall indemnify and hold City, harmless from and against any losses, liabilities, damages, demands and claims, and all related costs (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgment, interest and penalties) arising from claims or actions based upon any of the Work, Services, materials or methodologies used by Contractor (or any Contractor agent, subcontractor, sub-tier contractor or representative), or the City's use thereof (or access or other rights thereto) in connection with the Work, infringes or misappropriates the intellectual property rights of a third party. If any Work, Services, materials, or methodologies provided by Contractor hereunder is held to constitute, or in the City's reasonable judgment is likely to constitute, an infringement or misappropriation, the City may direct that Contractor: (i) procure the right for the City to continue using such Work, Services, or methodologies; (ii) replace such Work, Services, materials or methodologies with a

non-infringing equivalent, provided that such replacement does not result in a degradation of the functionality, performance or quality of the Work; (iii) modify such Work, Services, materials or methodologies, or have such Work, Services, materials or methodologies modified, to make them non-infringing, provided that such modification does not result in a degradation of the functionality, performance or quality of the Work, Services, materials or methodologies; or (iv) create a feasible workaround that would not have any adverse impact on City.

16. DISPUTE RESOLUTION

16.1 At the City's sole election, any Claim arising out of or related to the Agreement shall be subject either to binding arbitration or litigation at the City's option. Prior to arbitration or litigation, the parties shall endeavor to resolve Claims or disputes in accordance with the terms of this Agreement.

16.2 If Claims are not resolved by negotiation, mediation, or otherwise, and the Owner elects arbitration, the arbitration shall be held in Atlanta, Georgia and shall be in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association currently then in effect or such other similar rules and organization as the Owner may elect. The demand for arbitration shall be in writing and filed with the appropriate organization selected by the Owner and shall be served on the Contractor. The agreement to arbitrate shall be specifically enforceable under applicable law in any court having jurisdiction thereof. In any arbitration or litigation, the arbitrators or the Court shall have the jurisdiction to award the City costs, arbitrator fees, expert fees, and attorneys' fees, and the arbitrators or the Court shall award all such fees to the City if it is the prevailing party.

16.3 Except at Owner's sole discretion and with its consent, no arbitration arising out of or relating to the Agreement shall include, by consolidation or joinder or in any other manner, any other person or entity, including but not limited to any of Contractor's subcontractors and suppliers, and any other separate contractors or suppliers. The Owner's consent or election to allow consolidation or joinder shall not constitute consent to arbitration of any Claim not subject to arbitration pursuant to this Contract.

16.4 Any award rendered by an arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

16.5 If the Owner does not elect arbitration, any Claims shall be resolved in Fulton County, Georgia Superior Court. Contractor hereby submits to jurisdiction and venue in Fulton County, Georgia, and waives all defenses based on a lack of jurisdiction and/or venue. Contractor acknowledges that this Agreement was negotiated, at least in part, in Fulton County, Georgia. In any arbitration or litigation, the arbitrators or the Court shall have the jurisdiction to award the City costs, arbitrator fees, expert fees, and attorneys' fees, and the arbitrators or the Court shall award all such fees to the City if it is the prevailing party.

17. EXTENSIONS OF TIME AND DELAY

Contractor shall not be entitled to payment or compensation of any kind from the City for indirect, impact, or delay damages, including but not limited to costs of delay, disruption, interference, ripple effect, unforeseen site conditions, loss of anticipated profits, impact or hindrance from any cause whatsoever (collectively "Delay Damages"), whether such delay, disruption, interference, ripple effect, unforeseen site conditions, impact or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable. Contractor expressly waives and releases any Claim for Delay Damages and agrees that Contractor's sole and exclusive remedy for any delay shall be an extension of time to perform the Work and Services required the Agreement Documents, which shall be administered in accordance with the requirements of Article 8.

18. MISCELLANEOUS

18.1 The law of the state of Georgia will govern the validity of this Agreement, its interpretation and performance, and any other claims related to it.

18.2 If any of the provisions contained in the Agreement Documents are held for any reason to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability will not affect any other provision, and the Agreement Documents will be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

18.3 Contractor shall not sell, transfer, or assign any or all of its respective rights and obligations under this Agreement to a third party without the City's written consent. Any attempted sale, transfer, or assignment of the rights or obligations of this Agreement shall be void and of no effect.

18.5 The Drawings or other Instruments of Service prepared by Contractor or its sub-tier contractors shall be owned by the City and may be used by the City on projects other than the Project(s) performed in connection with a Task Order issued per this Agreement.

18.6 Except as otherwise provided herein, all notices and other communications required or permitted to be given under this Agreement, including its Exhibits and Task Orders, shall be in writing, addressed to the parties at their respective addresses as provided below, and may be delivered in person, sent by overnight express mail or courier service, or by facsimile, or by certified mail postage prepaid, return receipt requested. The addresses of each party are as follows:

Each party may from time to time change its address for receipt of notices by sending notice thereof in the manner provided herein to the other Party.

18.7 The failure of the City to insist upon or enforce strict performance of any provision of this Agreement or to exercise any right under the Agreement Documents shall not be construed as a waiver or relinquishment of the City's right to assert or rely upon any such provision or right and/or any other requirement of the Agreement Documents.

18.8 The Agreement Documents constitute the entire agreement and supersede all prior written or oral understandings, and may only be changed by a written amendment to the Agreement executed by both the City and the Contractor.

18.9 Contractor acknowledges and agrees that it may be adequately compensated in money damages for any Claims arising from performance of the Agreement Documents. Accordingly, Contractor waives and releases any right to assert a claim for *quantum meruit*, unjust enrichment, and any other equitable or quasi-contractual claim for relief that may be available under applicable law.

18.10 During the performance of this Agreement, Contractor agrees to comply with all provisions of Part 2, Chapter 2, Article X, Division 11, including Section 2-1441 through 2-1460 of the Code of Ordinances of the City of Atlanta, the Equal Business Opportunity ("EBO") Program as may be hereafter amended.

18.11 No presumption of any applicable law relating to the interpretation of contracts against the drafter shall apply to this Agreement.

18.12 Contractor is an independent contractor of the City and nothing in this Agreement shall be deemed to constitute Contractor and the City as partners, joint venturers, or be construed as requiring or permitting the sharing of profits or losses. Except as expressly provided in Article 6.10, nothing in this Agreement shall be deemed to constitute Contractor and the City as principal and agent and neither party has the authority to represent or bind or create any legal obligations for or on behalf of the other party.

18.13 Contractor acknowledges that this Agreement and any changes to it by amendment, modification, Change Order or other similar document may have required or may require the legislative authorization of the City's Council and approval of the Mayor. Under Georgia law, Contractor is deemed to possess knowledge concerning the City's ability to assume contractual obligations and the consequences of Contractor's provision of goods or Services to the City under an unauthorized contract, amendment, modification, Change Order or other similar document, including the possibility that the Contractor may be precluded from recovering payment for such unauthorized goods or Services. Accordingly, Contractor agrees that if it provides goods or Services to the City under a contract that has not received proper legislative authorization or if Contractor provides goods or Services to the City in excess of the any contractually authorized goods or Services, as required by the City's Charter and Code, the City may withhold payment for any unauthorized goods or Services provided by Contractor. Contractor assumes all risk of non-payment for the provision of any unauthorized goods or Services to the City, and it waives and releases all claims to payment or to other remedies for the provision of any unauthorized goods or Services to the City, however characterized, including, without limitation, all remedies at law or equity.

19. CONFIDENTIAL INFORMATION

Contractor agrees to preserve as strictly confidential all Confidential Information for two (2) years following the expiration or termination of this Agreement; provided, however, that Contractor's obligation for Confidential Information that constitutes trade secrets pursuant to applicable law will continue for so long as such Confidential Information continues to constitute a trade secret under applicable law. Any Confidential Information that may be deemed Sensitive Security Information by the Department of Homeland Security or any other similar Confidential Information related to security will be considered trade secrets. Upon request by City, Contractor will return any trade secrets to City. Contractor agrees to hold the Confidential Information of the City in trust and confidence and will not disclose it to any person, or use it (directly or indirectly) for its own benefit or the benefit of any other person other than in the performance of its obligations under this Agreement. Contractor will be entitled to disclose any Confidential Information if compelled to do so pursuant to: (i) a subpoena; (ii) judicial or administrative order; or (iii) any other requirement imposed upon it by applicable law. Prior to making such a disclosure, to the extent allowed pursuant to applicable law, the Contractor shall provide the City with thirty six (36) hours prior notice by facsimile of its intent to disclose, describing the content of the information to be disclosed and providing a copy of the pleading, instrument, document, communication or other written item compelling disclosure or, if not in writing, a detailed description of the nature of the communication compelling disclosure with the name, address, phone number and facsimile number of the person requesting disclosure.

20. ETHICS IN CONTRACTS

20.1 Gratuities and Kickbacks. In accordance with the City of Atlanta's Code of Ordinances, Section 2-1484, as may be amended, it shall be unethical for any person to offer, give or agree to give any employee or former

employee or for any employee or former employee to solicit, demand, accept or agree to accept from another person a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation or any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter pertaining to any program requirement or a contract or subcontract or to any solicitation or proposal therefor. SCOPE OF WORK

SCOPE OF WORK

1. BACKGROUND

The City is seeking a qualified and experienced firm to collect and analyze traffic crash data for the selection of intersections to be equipped with Red Light Running Cameras, prepare reports and permit applications to the Georgia Department of Transportation (GDOT) for review and approval, furnish, install, operate and maintain the Red Light Running Photo Enforcement program ("Program") for the City of Atlanta (City).

The City plans to continue its Red Light Running Photo Enforcement System (RLRPES) program in compliance with House Bill 77. House Bill 77 amended Title 40 of the Official Code of Georgia Annotated, relating to motor vehicles and traffic, to require a permit from the Department of Transportation for the use of a traffic-control signal monitoring device; to provide for review and renewal of permits by the Department; to provide for use of a certified peace officer to swear to a traffic light violation; to provide for an engineering study; to provide for changing timing of the intersection clearance interval; to provide for reports to the Department of Transportation; to provide for disposition of funds collected through use of traffic-control signal monitoring devices; to provide for an administrative review of denied, suspended, or revoked permits.

The Program shall implement Traffic-Control Signal Monitoring devices to continue the public safety benefits achieved under the current Program. The City is requesting proposals from qualified firms for the turnkey services for a complete RLRPES Program. The proposer's fee shall be a monthly fee based on the value of the proposer's equipment and services offered and shall not be based on the number of citations issued or the revenue generated by such devices.

The contractor is responsible for ensuring that the justification, implementation and operation meets the standards set by Georgia State law and any applicable federal and local rules or regulations governing the use of automated traffic enforcement programs throughout the duration of the contract period.

The City prefers current technology installed within the past 12-24 months.

The agreement shall be for a period of three (3) years commencing from the date all system equipment is in place, tested, calibrated and operational with two (2) two (2) year renewal options at the City's sole discretion.

2. TECHNICAL SCOPE

A. Data Collection

1. The City will be responsible for final site selections. However, the City will look to its selected Consultant to provide critical site analysis and information to assist in the final selection of all enforced locations.

2. The Consultant shall collect at a minimum 3 years of traffic crash data at each of the proposed intersections selected for the installation of a RLRPES. The consultant may request crash data from GDOT. The traffic crash data shall confirm that there is a safety need at the intersection.
3. The crash data will be analyzed for the number, frequency, and severity of crashes attributed to red light running and the Traffic Engineering (TE) Report will include a collision diagram.
4. The Consultant shall collect Annual Average Daily Traffic (ADT) counts for all intersection approaches prior to performing the TE study. Data collected should include 24-hours of volume data broken into 15-minute intervals and include vehicle classifications and speed data for each approach.
5. The Consultant shall obtain the current traffic signal timing plans for each intersection from the City.

B. Traffic Engineering (TE) Analysis and Report

1. The Consultant shall use the data collected to conduct a complete TE Report for each intersection at which a RLRPES is being proposed in accordance with GDOT standard and guidelines for RLRPES requests (available on the GDOT website at: http://www.dot.ga.gov/drivesmart/safetyoperation/Documents/Red/Guidance_for_Permitting_RLRPES.pdf). The TE study will be used to determine whether, in addition to or as an alternative to a RLRPES, there are other possible designs or operational changes likely to reduce the number of crashes or red light violations at that intersection.
2. The Consultant shall calculate the minimum yellow clearance time in accordance with GDOT Standards, and any such established time shall not be less than the minimum recognized national standard and practices plus one (1) additional second [(Y+1)].
3. The report shall include a list of RLR countermeasures attempted at the intersection and documentation of how these previously implemented countermeasures affected/improved red light running crashes.
4. If countermeasures have not been attempted, the report shall provide documentation of why these countermeasures would not be effective, or any cost constraints which make such countermeasures impracticable.
5. A description in the TE Study will include the number of the lanes and direction of travel to be photo enforced by the RLRPES (i.e., the SB left turn lane, the NB thru lane, etc). The study will also include a description of current conditions including topography, vehicle volumes per approach, existing traffic control, pedestrian movements, any adjacent traffic signals and recommendations with a sign-off sheet.
6. The TE study will include a location map of the intersection where the RLRPES is/will be installed.

7. As required by GA Code 40-14-21, the report shall include the local ordinance or resolution approving the use of the RLRPES; approval by the Atlanta Police Department Chief; approval by the Georgia Department of Transportation, and, a copy of the Public hearing for the location where the RLRPES will be installed.

C. Permitting

1. Every county or city that currently maintains or wishes to install a RLRPES must apply for a permit from Georgia DOT. The application process includes documenting the location's safety needs, national conformities for equipment and materials, traffic reports/accident analyses, and traffic volumes.
2. The Consultant shall submit to the State DOT District Office a copy of the City approved report, a preliminary design plan, a completed permit application and payment for the permit.
3. The design plans shall show the existing traffic signal configuration including locations of all field equipment, and proposed location of all devices per the GDOT checklist. The plans shall be stamped by a Professional Engineer registered in Georgia.
4. The Consultant shall submit a non-refundable administrative fee for the processing of RLRPES permit(s). All checks shall be made payable to the Georgia Department of Transportation.
5. The Consultant shall submit documentation indicating that the chief law enforcement officer of the City desires the use of red light running cameras and that the governing authority approves the use of the devices. Additionally, the governing authority of the City shall conduct a public hearing on the proposed use of such devices.
6. For the purpose of developing installation timeframes, Contractors should assume a forty-five (45) calendar-day permit process.

3. RED LIGHT CAMERA TRAFFIC CONTROL SIGNAL MONITORING DEVICE

A. Evaluation of Devices

1. The Consultant shall be responsible for provision of and installation of all equipment including, without limitation, poles, cabinets, camera boxes, sensors, related wiring and related operational equipment at the selected intersection(s). The Consultant will be responsible for all GDOT permits and permit renewals, site design, construction, installation and maintenance of the equipment and is required to provide adequate signage for all intersection approaches.
2. Explain why the Proposer's red light camera traffic-control signal monitoring device technology is the best solution for the City.
 - Does it detect actual violations?

- Does it notify the agency of multiple violations/citations by vehicle during a designated time period and incorporate additional fines for multiple violations / citations?
 - Does it capture clear images?
 - Does it convert actual violations into usable / enforceable images?
3. Provide a list, with two labeled photos and dimensions, of all major equipment (cameras, flash or lighting units, cabinets (including generally what the cabinets contain), that will be installed at the selected approaches. All camera systems must be installed to comply with GDOT rules and regulations.

B. Camera Specifications

1. Use of a high quality digital camera system with a minimum output of 3000 x 2000 pixels (6.0 Megapixels) per image is required. Proposer must provide image quality specifications and real sets of violation image examples captured in daytime, nighttime, during inclement weather and during times where sunlight is pointing in the direction of the camera.
2. The equipment should be capable of gathering traffic data for statistical analysis. Copies of sample reports shall be included with proposal.
3. The equipment shall be capable of deployment in a wide range of operating conditions; e.g., heavy traffic volumes, adverse weather conditions, road surface configurations, etc., and across multiple moving lanes of traffic.
4. Consultant shall submit a minimum of four example sets of violation photos (one before the stop bar and one after the stop bar) under the following conditions:
 - Daytime – fair conditions
 - Daytime – rain
 - Nighttime – fair conditions
 - Nighttime – rain
5. The location name and a contact person shall also be included with the sample sets.
6. The camera system must provide at least three (3) digital color still images of each violating event. The images must be taken so that the rear of the vehicle and license plate are captured. The first image shall capture the vehicle before the front wheels strike the legal violation limit line. The second image shall capture the vehicle after the rear axle has crossed the crosswalk or legal limit line. The third one shall depict a close up of the license plate.
7. The camera system shall record data pertinent to each violation at the point of capture; please provide two examples each of still and video images issued by the camera proposed with this information included.
8. Data Recording System
9. Data shall be recorded in a flexibly configured data bar that is embedded with each scene, license plate and stop bar detection images that may be used to prove the

violation. The data bar shall include, without limitation, the following information for each violation:

- Unique violation identifier incorporating the City
 - Location of violation
 - Date (MM/DD/YYYY)
 - Time of the violation in 24 hour clock including hours, minutes and seconds
 - Elapsed time between images
 - Direction of travel
 - Speed of vehicle
 - Traffic signal phase
 - Time into the red phase displayed in hundreds of a second
 - Duration of the prior amber phase
 - Vehicle lane of travel
 - Camera ID
10. The camera system shall be capable of securing the image and violation data and transmitting data to the processing center.

All required data generated by the violation will be superimposed in the photographs.

CITY OF ATLANTA
SMALL BUSINESS ENTERPRISE
POLICY STATEMENT

It is the policy of the City of Atlanta to promote full and equal business opportunity for all persons doing business with the City. The City must ensure that firms seeking to participate in contracting and procurement activities with the City are not prevented from doing so on the basis of size as it relates to revenue and number of employees. The purpose of the Small Business Enterprise Program is to ensure that the City of Atlanta has a robust race-neutral approach to promoting full and equal business opportunity for all persons doing business with the City of Atlanta, to promote commerce by assisting SBEs to actively participate in the City's procurement process, and ensure that the City of Atlanta utilizes programs that provide it with the best possible resources. SBE Goals for this project are set forth on page 6.

Implementation of SBE Policy

The Office of Contract Compliance will review information submitted by Bidders pertaining to efforts to promote opportunities for small businesses to compete for business as prime contractors, subcontractors and/or Suppliers. A Bidder is eligible for award of a City contract upon a finding by OCC that the Bidder has utilized good faith efforts to attract all businesses regardless of size. To assist prime contractors in this effort, the Office of Contract Compliance has set forth in this solicitation document the SBE goals within the relevant NAICS Codes, for this Project.

For subcontracting, the SBE Project Participation Plan must include all subcontractors to be utilized on the project, detail the services to be performed, the dollar value of the work to be performed by each subcontractor, and the City of Atlanta SBE or other acceptable certification number, and supplier id number.

For Suppliers, the Subcontractor Project Plan must include all suppliers to be utilized on the project, the supplies to be provided, including the dollar value of the supplies being provided and the City of Atlanta SBE or other acceptable certification number, and supplier id number

Determination of Good Faith Efforts During Bid Process

No Bidder shall be awarded a contract on an Eligible Project unless the Office of Contract Compliance determines that the Bidder has satisfied the requirement of section 2-1372 on such Eligible Project. Accordingly, each Bidder shall submit with each Bid the following:

1. Covenant of Non Discrimination. Each Bidder shall submit with her/his Bid a Covenant of Non-Discrimination which is set forth herein as Exhibit SBE1.
2. Outreach Efforts Documentation. Each Bidder shall submit with her/his Bid written documentation demonstrating the Bidder's outreach efforts to identify, contact, contract with, or utilize businesses, including certified SBEs, as subcontractors or Suppliers on the Eligible Project. This information shall be set forth on Exhibit SBE2, which is included herein.
3. SBE Project Participation Plan. Each Bidder shall submit with her/his Bid a completed and signed SBE Project Participation Plan, which is included herein as Exhibit SBE3, which lists the name, address, telephone number and contact person of each subcontractor or other business to be used during the contract, the NAICS Code and the type of work or service each business will perform, the dollar value of the work and the scope of work, certification number of each business, and any other information requested by the Office of Contract Compliance. In order for the Office of Contract Compliance to officially consider a firm to be an SBE firm, it must be certified by or have a certification application pending with the Office of Contract Compliance at the time of the Bid.

OCC Review of Bidder Submissions

The Office of Contract Compliance shall determine whether a Bidder has satisfied the good faith efforts requirement of section 2-1372 based on its review of the Covenant of Non Discrimination, the Outreach Efforts Documentation, the SBE Project Participation Plan, and its review of other relevant facts and circumstances. In reviewing the documents submitted by a Bidder to determine whether the Bidder has satisfied the good faith outreach practices requirement of this section, the Office of Contract Compliance will consider, among other things, the total project dollars subcontracted to or expended for services performed by other businesses, including certified SBEs, whether such businesses perform Commercially Useful Functions in the work of the contract based upon standard industry trade practices, whether any amounts paid to Supplier businesses are for goods customarily and ordinarily used based upon standard industry trade practices, and the availability of certified SBEs within the relevant NAICS Codes for such Eligible Project.

To determine whether a competitor that has failed to meet SBE goals may be awarded the contract, the city will determine whether the efforts the bidder made to obtain SBE participation were "good faith efforts." Efforts that are merely pro forma are not "good faith efforts" to meet the goals. In order to award a contract to a bidder that has failed to meet SBE contract goals, the Office of Contract Compliance will determine whether the bidder actively and aggressively made efforts to meet the City's SBE goals. A bidder making a good faith effort would consider a number of factors in negotiating with subcontractors, including SBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using SBEs is not in itself sufficient reason for a bidder's failure to meet the contract SBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from SBEs if the price difference is excessive or unreasonable. In determining whether a bidder has made good faith efforts, the Office of Contract Compliance will take into account the performance of other bidders in meeting the contract. For example, when the apparent successful bidder fails to meet the contract goal, but others meet it, the Office of Contract Compliance may reasonably raise the question of whether, with additional reasonable efforts, the apparent successful bidder could have met the goal. If the apparent successful bidder fails to meet the goal but meets or exceeds the average SBE participation obtained by other bidders, the City may view this, in conjunction with other factors, as evidence of the apparent successful bidder having made good faith efforts. Competitors that fail to meet SBE goals and fail to demonstrate "good faith efforts" shall be deemed non-responsive to the city's SBE requirements and shall not be eligible to be awarded the contract.

Small Business Enterprise Program Bid/RFP Submittals

The Covenant of Non Discrimination, the Outreach Efforts Documentation, the SBE Project Participation Plan, and any other information required by OCC in the solicitation document must be completed in their entirety by each Proponent and submitted with the other required Bid/RFP documents in order for the Bid/RFP to be considered responsive. Failure to timely submit these forms, fully completed, will result in the Bid/RFP being considered as non-responsive, and therefore, excluded from consideration.

Monitoring Of SBE Policy

Upon execution of a contract with the City of Atlanta, the successful bidder's SBE Project Participation Plan will become a part of the contract between the bidder and the City of Atlanta. The SBE Project Participation Plan will be monitored by the City of Atlanta's Office of Contract Compliance for adherence with the plan. The successful bidder will be required to provide specific information on a monthly basis that demonstrates the use of subcontractors and suppliers as indicated on the SBE Project Participation Plan. The failure of the successful bidder to provide the specific information by the specified date each month shall be sufficient cause for the City to evoke penalties as set forth in the City of Atlanta Code of Ordinances, Section 2-1373.

Implementation of EEO Policy

The City effectuates its EEO policy by adopting racial and gender work force availability for every contractor performing work for the City of Atlanta. These percentages are derived from the work force demographics set forth in the 2000 Census EEO file prepared by the United States Department of Commerce for the applicable labor pool normally utilized for the contract.

Monitoring of EEO Policy

Upon award of a contract with the City of Atlanta, the successful bidder must submit a Contract Employment Report (CER), describing the racial and gender make-up of the firm's work force. If the CER indicates that the firm's demographic composition does not meet the adopted EEO goals, the firm will be required to submit an affirmative action plan setting forth the steps to be taken to reach the adopted goals. The CER and the affirmative action plan, if necessary, will become a part of the contract between the successful bidder and the City of Atlanta. Compliance with the EEO requirements will be monitored by the Office of Contract Compliance.

First Source Jobs Program Policy Statement

It is the policy of the City of Atlanta to provide job opportunities to the residents of the City of Atlanta, whenever possible. Every contract with the City of Atlanta creates a potential pool of new employment opportunities. The prime contractor is expected to work with the First Source Jobs Program to fill at least 50% of all new entry-level jobs, which arise from this project, with residents of the City of Atlanta.
