In the event that there exists a reasonable indication in the judgment of Owner that Contractor will not be able to complete the Work by the Completion Date, Owner may, upon three (3) days' written notice to Contractor and without prejudice to any other remedy Owner may have, order Contractor to prosecute the Work on an overtime basis, and, in such event, Contractor shall, at the sole expense of Contractor, promptly commence and continue to perform the Work on such basis to the extent necessary to cause the Work to be fully completed in a timely fashion in accordance with this Contract.

3. PAYMENT

Contractor shall be paid within forty (40) days after the last day of each calendar month a portion of the Contract Amount equal to 90% of the value of the Work performed and completed at the Project Site by Contractor during such month, provided that an application for payment for such work is delivered to Owner on or before the last day of the calendar month during which the Work covered by such application for Payment was performed and provided further that the unpaid balance of the Contract Amount shall at all times be sufficient in the judgment of Owner to complete the Work and to pay any unpaid claims for which Contractor may be liable hereunder. Final payment shall be made within fifty (50) days after the Project is fully completed and accepted provided that an application for final payment is delivered to Owner within five (5) days after the Project is fully completed and provided further that there do not exist any unpaid claims for which Contractor may be liable hereunder. Notwithstanding anything to the contrary set forth herein, it shall be a condition precedent to the obligations hereunder of Owner to make any payment to Contractor that all applications for payment, waivers of lien, certificates of insurance, bonds and other documents then required to be furnished by Contractor have been appropriately submitted hereunder to Owner in accordance with this Contract. Owner may cause the proceeds of any payment payable hereunder to Contractor to be applied directly to the payment of any indebtedness owed to any party retained by, through or under Contractor in connection with the Work provided that Contractor has failed to cause such party to be paid, or there is reasonable evidence that Contractor will not cause such party to be paid, for any Work promptly after Contractor has received payment hereunder on account of such Work. The submission by Contractor of an application for payment hereunder shall constitute a representation by Contractor that no part of the Work included in such application for payment is affected by any lien, title retention agreement or security instrument made either by Contractor or by any party retained by, through or under Contractor in connection with the Work, and Contractor acknowledges that all payments made hereunder to Contractor are, to the extent of any indebtedness owed to any parties retained by, through or under Contractor in connection with the Work, made to Contractor for the benefit of and in trust for such parties. All applications for payment, waivers of lien, certificates of insurance, bonds and other documents required to be submitted hereunder by Contractor shall be in form and substance satisfactory to Owner, it being specifically understood and agreed that the standard forms of such documents as published by Owner, which such standard forms are annexed hereto and made a part hereof by reference, shall be utilized by Contractor unless Contractor shall expressly advise Owner to the contrary in writing. The breach by Contractor of any warranty, representation, covenant or other provision set forth in any applications for payment, waivers of lien, certificates of insurance, Bonds or other documents submitted hereunder by Contractor shall be considered to be a breach by Contractor of the provisions of this Contract.

4. LIENS AND CLAIMS

Contractor shall pay, or cause to be paid, when due all amounts owing to parties retained by, through or under Contractor in connection with the Work, including without limitation all claims for which a lien may be filed either against the real estate of Owner or against payments due from Owner to Contractor. To the fullest extent permitted by law, Contractor agrees that no liens or other claims against the real estate of Owner or against payments due from Owner to Contractor shall be filed in connection with the Work either by Contractor or by any party retained by, through or under Contractor in

connection with the Work. If and to the extent that any liens and/or claims shall be filed in connection with the Work by or as a result of any act of omission of any party retained by, through or under Contractor, Contractor shall, within seven (7) days after the filing of any such liens and/or claims, cause such liens and/or claims to be discharged or otherwise satisfied. No payment on account of any application for payment submitted hereunder shall be due unless Contractor has delivered to Owner a complete release of all liens and/or claims arising out of the Work included in such application for payment.

5. PERMITS AND REGULATIONS

Contractor shall give all notices required under, and shall comply with, all laws, ordinances, rules, regulations and orders of any public authority bearing on the performance of the Work and shall notify Owner and Construction Manager if any of the Drawings or Specifications are at variance therewith. Contractor shall pay for all governmental permits, approvals and licenses necessary for the execution of the Work.

6. CHANGES IN WORK

Owner may at any time order a change in the Work by issuing a written change order, and any increases or decreases in the Contract Amount on account of any change in the Work and/or on account of any additional or extra work shall, at the option of Owner, be a lump-sum agreed upon between Owner and Contractor, a lump sum determined using unit prices stated in this Contract or (i) for deleted work, the estimated value of the labor, materials and equipment deleted from the Work or (ii) for additional or extra work, 110% of the actual cost to Contractor of the labor, materials or equipment necessary to perform the additional or extra work. If Owner is not satisfied with the price quoted by Contractor with respect to any additional or extra work, Owner may engage another party to perform such additional or extra work and, in such event, Contractor shall cooperate fully with any such other party. The Contract Amount shall not be increased on account of any additional or extra work or on account of any change in the Work unless such additional or extra work or such change in the Work has been authorized in writing by Owner. If Contractor claims that the Contract Amount should be increased as a result of any event or circumstance, including without limitation any instructions provided by Owner and/or any act or omission of Owner, Contractor shall notify Owner in writing of such claim within two (2) days after the first occurrence of any such event or circumstance and shall, after the first occurrence of any such event or circumstance, deliver to Owner on each day that additional or extra work is allegedly performed by Contractor a brief written report describing the quantity and character of any additional or extra work allegedly performed by Contractor on such day. No claim by Contractor that the Contract Amount should be increased and no claim by Contractor for any additional or extra work allegedly performed shall be valid unless Contractor has notified Owner in writing and has on a daily basis delivered to Owner brief written reports as specifically required hereinabove. If unit prices are stated in this Contract, such prices are made a part of this Contract only for the purpose of permitting Contractor, at the option of Owner, to use such prices to determine an increase or decrease in the Contract Amount on account of any change in the Work and/or on account of any additional or extra work.

7. RESPONSIBILITIES OF CONTRACTOR

To the extent that any arbitration proceeding or legal action between Owner and Contractor involves any act or omission of Contractor or any Work required to be performed hereunder by Contractor, Contractor shall, if requested by Owner, join in such arbitration proceeding or legal action as a party, it being specifically understood and agreed that Contractor expressly consents to the jurisdiction and venue of, and agrees to be bound by any decision rendered in connection with, any such arbitration proceeding or legal action. Contractor shall be responsible for the acts and/or omissions of all parties retained by, through or under Contractor in connection with the Work.

Contractor warrants and represents to Owner that, after the Materials have been incorporated into the Work by Contractor, the Work shall be complete and operational in every respect, all in accordance with the Drawings and the Specifications, it being specifically understood and agreed that Contractor shall provide to Owner and incorporate into the Work, subject to and in accordance with this Contract and without additional charge to Owner, any Materials that may not have been procured by Owner as a result of the failure of any agent of Contractor to perform and satisfy the obligations hereunder of Contractor.

Contractor shall, if required by Owner, provide Owner with satisfactory evidence as to the kind and quality of materials incorporated into the Work. Owner shall be entitled, but shall not be obligated, to inspect the Work and shall have the right to reject portions of the Work not in accordance with the requirements of this Contract, it being specifically understood and agreed that

Contractor shall promptly replace rejected portions of the Work in a manner satisfactory to Owner. Further, upon receipt of written notice from Owner, Contractor shall promptly repair and make good in a manner satisfactory to Owner any defect that may appear in the Work, including without limitation any defect that may appear in any of the Materials, within one year after substantial completion of the Project or within such longer period as is expressly required by the Drawings or Specifications with respect to any specific aspect of the Work. Contractor shall, on or before the Completion Date, deliver to Owner any and all warranties or guarantees required hereunder to be provided in connection with the Work, it being specifically understood and agreed that the Work shall not be considered to be complete unless and until all of the Work is in compliance with the terms of such warranties and guarantees and such warranties and guarantees are in effect unconditionally.

9. INDEMNIFICATION

Contractor shall, to the fullest extent permitted by law and to the extent that any such claims, losses, liabilities or expenses are caused in whole or part by any act or omission of Contractor, anyone directly or indirectly employed by Contractor or anyone for whose acts Contractor may be liable, regardless of whether any such claims, losses, liabilities or expenses are caused in part by a party indemnified hereunder, indemnify, hold harmless and defend Owner, the Shareholders of the Owner, directors, officers, employees, agents, and representatives of the Owner, and the City of Atlanta and the officials, officers, employees, agents and representatives of the City of Atlanta, the DOA, and any Airlines who are Third Party Beneficiaries of this Agreement, from and against any and all claims, losses, liabilities and expenses, including attorneys' fees, arising out of or in any manner caused by, connected with or resulting from the performance of this Contract and/or the Work.

In addition to the right of Owner to stop the performance of the Work by Contractor for cause as set forth hereinabove, Owner may, upon three (3) days written notice to Contractor, terminate this Contract without cause. In the event that Owner terminates this Contract as set forth herein without cause, Owner shall promptly pay to Contractor a reasonable portion of the Contract Amount, less the aggregate of all payments made hereunder by Owner, on account of the Work performed prior to the date of such termination, and Contractor shall sell, assign, transfer and otherwise set over unto Owner any and all materials, equipment, supplies, drawings, contractual rights and other property acquired and/or produced by Contractor in connection with the Work.

The Contractor shall take such action with respect to any subcontractor as the city may direct as a means of enforcing the provisions of paragraphs (a) through (h) herein, including penalties and sanctions for noncompliance; provided, however, that in the event the Contractor becomes involved in or is threatened with litigation as a result of such direction by the city, the city will enter into such litigation as is necessary to protect the interest of the city and to effectuate the equal employment opportunity program of the city; and, in the case of contracts receiving federal assistance, the Contractor or the city may request the United States to enter into such litigation to protect the interests of the United States.

The Contractor and its subcontractors, if any, shall file compliance reports at reasonable times and intervals with the city in the form and to the extent prescribed by the contract compliance officer. Compliance reports filed at such times directed shall contain information as to employment practices, policies, programs and statistics of the Contractor and its subcontractors.

The Contractor shall include the provisions of paragraphs (a) through (h) of this equal employment opportunity clause in every subcontract or purchase order so that such provisions will be binding upon each subcontractor or vendor.

Withholding from the Contractor in violation all future payments under the involved contract until it is determined that the Contractor or subcontractor is in compliance with the provisions of the contract;

Cancellation of the public contract;

In a case in which there is substantial or material violation of the compliance procedure herein set forth or as may be provided for by the contract, appropriate proceedings may be brought to enforce those provisions, including the enjoining, within applicable law, of Contractors, subcontractors or other organizations, individuals or groups who prevent or seek to prevent directly or indirectly compliance with the policy as herein provided.

Prohibition on Kickbacks or Gratuities/Non-Gratuity. The undersigned acknowledges the following prohibitions on kickbacks and gratuities: It is unethical for any person to offer, give or agree to give any employee or former employee a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation or any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter pertaining to any program requirement or a contract or subcontract or to any solicitation or proposal therefor.

CITY OF ATLANTA
SMALL BUSINESS OPPORTUNITY PROGRAM
POLICY STATEMENT

It is the policy of the City of Atlanta to promote full and equal business opportunity for all persons doing business with the City. The City must ensure that firms seeking to participate in contracting and procurement activities with the City are not prevented from doing so on the basis size as it relates to revenue and number of employees. The City is committed to ensuring that it is not a passive participant in any private scheme of discrimination. To ensure that businesses are not discriminated against with regard to prime contracting, subcontracting or other partnering opportunities with the City, the City has developed its' various diversity inclusion programs. The purpose of the Small Business Opportunity Program is to ensure that the City of Atlanta has a robust race-neutral approach to promoting full and equal business opportunity for all persons doing business with the City of Atlanta, to promote commerce by assisting Small Business Enterprises (SBEs) to actively participate in the City's procurement process, and ensure that the City of Atlanta utilizes programs that provide it with the best possible resources.

It is also the policy of the City of Atlanta to actively promote equal employment opportunities for minority and female workers and prohibit discrimination based upon race, religion, color, sex, national origin, marital status, physical handicap or sexual orientation through the City's Equal Employment Opportunity (EEO) Program. The purpose of these program is to mitigate the present and ongoing effects of the past and present discrimination against women and minority workers so that opportunity, regardless of race or gender, will become institutionalized in the Atlanta marketplace. It is important to note that all bidders, without exception, including firms that are Small Business Enterprises themselves must comply with the City of Atlanta's SBO and EEO Program requirements. Goals for minority and female business enterprises are set for this project on page 6.

Implementation of SBO Policy

The Office of Contract Compliance will review information submitted by Bidders pertaining to efforts to promote opportunities for small businesses to compete for business as subcontractors and/or suppliers. A Bidder is eligible to be further considered for award of a City contract upon a finding by OCC that the Bidder has engaged in, and provided with its bid submission documentation of efforts to ensure that its process of soliciting, evaluating and awarding subcontracts, placing orders, and partnering with other companies has been non-discriminatory. To assist prime contractors in this effort, the Office of Contract Compliance has set forth in this solicitation document the SBE goals within the relevant NAICS Codes, for this Project.

For subcontracting, the Subcontractor Project Plan must include **all** subcontractors (both small and non-small business enterprises) to be utilized on the project, detail the services to be performed, the dollar value of the work to be performed by each subcontractor, and the City of Atlanta SBE certification number and supplier id number as applicable.

For suppliers, the Subcontractor Project Plan must include **all** subcontractors (both small and non-small business enterprises), the supplies to be provided, including the dollar value of the supplies being provided and the City of Atlanta SBE certification number and supplier id number as applicable.

Determination of Non-discrimination During Bid Process

No Bidder shall be awarded a contract on an Eligible Project unless the Office of Contract Compliance determines that the Bidder has satisfied the non-discrimination requirements of section 2-1372 on such Eligible Project. Accordingly, each Bidder shall submit with each Bid the following

1. Covenant of Non Discrimination. Each Bidder shall submit with her/his Bid a Covenant of Non-Discrimination which is set forth herein as Exhibit SBO1.
2. Outreach efforts documentation. Each bidder shall submit with her/his bid written documentation demonstrating the bidder's outreach efforts to identify, contact, contract with, or utilize businesses, including certified SBEs as subcontractors or suppliers on the contract. This information shall be set forth on Exhibit SBO2, which is included herein.
3. Subcontractor project plan. Each bidder shall submit with her/his bid a completed and signed subcontractor project plan, in a form approved and provided by the office of contract compliance, which lists the name, address, telephone number and contact person of each subcontractor or other business to be used in the contract, the NAICS Code and the type of work or service each business will perform, the dollar value of the work and the scope of work, the ownership of each business, certification number of each business, and any other information requested by the office of contract compliance. In order for the office of contract compliance to officially consider a firm to be an SBE, the SBE firm must be certified by or have a certification application pending with the office of contract compliance prior to the bidder's submission of the bid. The subcontractor project plan shall not be changed or altered after approval of the plan and award of the contract without the written approval of the director of the office of contract compliance. A written letter to the director of the office of contract compliance requesting approval to change the subcontractor project plan must be submitted prior to any change in the plan or termination of an SBE's contract.

OCC Review of Bidder Submissions

The Office of Contract Compliance shall determine whether a Bidder has satisfied the non-discrimination requirements of section 2-1448 based on its review of the Covenant of Non Discrimination, the Outreach Efforts Documentation, the Subcontractor Project Plan, and its review of other relevant facts and circumstances, including complaints received as part of the bid process. In reviewing the documents submitted by a Bidder to determine whether the Bidder has satisfied the non-discriminatory practices requirement of this section, the Office of Contract Compliance will consider, among other things, the total project dollars subcontracted to or expended for services performed by other businesses, including certified SBEs, whether such businesses perform Commercially Useful Functions in the work of the contract based upon standard industry trade practices, whether any amounts paid to Supplier businesses are for goods customarily and ordinarily used based upon standard industry trade practices, and the availability of certified SBEs within the relevant NAICS Codes for such Eligible Project.

(a) Receipt of Complaint of Discrimination in the Bid Process

The office of contract compliance shall accept complaints of alleged discrimination during the bid process regarding any participant in the bid process. Where the complaint of discrimination is specific to the procurement which is under consideration by the city, the office of contract compliance may investigate said complaint, determine its validity, and determine whether the actions complained of impact the bidder's responsiveness on the specific procurement. Allegations of discrimination based on events, incidents or occurrences which are unrelated to the specific procurement will be placed in the bidder's file maintained in the vendor relations database and handled in accordance with the procedure established in the city's vendor relations subdivision, section 2-1465, et seq.

(b) Determination of Violation of SBO Process

Where the office of contract compliance investigates a complaint of discrimination that is related to the specific bid process, the details of that investigation, including findings, shall be recorded and maintained in the vendor relations database, pursuant to section 2-1471.

(c) Office of Contract Compliance Determination of Non-Compliance

When, based upon the totality of the circumstances, the office of contract compliance determines that a bidder fails to satisfy the requirements of section 2-1448(a) of a city bid solicitation, the director of the office of contract compliance shall present a written determination of non-compliance to the Chief Procurement Officer which states the determination and lists the reasons for the determination. A bid that does not comply with the requirements set forth in section 2-1448(a) shall be deemed non-responsive and rejected.

Small Business Opportunity Program Bid/RFP Submittals

The Office of Contract Compliance will make any determination of non-responsiveness. The covenant of non-discrimination, the outreach efforts documentation, the subcontractor project plan, and any other information required by OCC in the solicitation document pursuant to section 2-1448 must be completed in their entirety by each bidder and submitted with the other required bid documents in order for the bid to be considered as a responsive bid. Failure to timely submit these forms, fully completed, will result in the bid being considered as a non-responsive bid, and therefore, excluded from consideration.

Monitoring Of SBO Policy

Upon execution of a contract with the City of Atlanta, the successful bidder's Subcontractor Project Plan will become a part of the contract between the bidder and the City of Atlanta. The Subcontractor Project Plan will be monitored by the City of Atlanta's Office of Contract Compliance for adherence with the plan. The successful bidder will be required to provide specific EBO information on a monthly basis that demonstrates the use of subcontractors and suppliers as indicated on the Subcontractor Project Plan. The failure of the successful bidder to provide the specific EBO information by the specified date each month shall be sufficient cause for the City to withhold approval of the successful bidder's invoices for progress payments, increase the amount of the successful bidder's retainage, require joint check issuance, or evoke any other penalties as set forth in the City of Atlanta Code of Ordinances, Sections 2-1452 and 2-1456.

Implementation of EEO Policy

The City effectuates its EEO policy by adopting racial and gender work force availability for every contractor performing work for the City of Atlanta. These percentages are derived from the work force demographics set forth in the 2000 Census EEO file prepared by the United States Department of Commerce for the applicable labor pool normally utilized for the contract.

Monitoring of EEO Policy

Upon award of a contract with the City of Atlanta, the successful bidder must submit a Contract Employment Report (CER), describing the racial and gender make-up of the firm's work force. If the CER indicates that the firm's demographic composition does not meet the adopted EEO goals, the firm will be required to submit an affirmative action plan setting forth the steps to be taken to reach the adopted goals. The CER and the affirmative action plan, if necessary, will become a part of the contract between the successful bidder and the City of Atlanta. Compliance with the EEO requirements will be monitored by the Office of Contract Compliance.

**DIVERSITY FIRM TERMINATION/SUBSTITUTION
ACKNOWLEDGEMENT FORM**

As a participant in an eligible City of Atlanta (COA) diversity program contract, certain restrictions and procedures apply to the termination and substitution of a diversity certified entity by a prime concessionaire or prime contractor, as mandated by federal regulations and City ordinances. These requirements are established by 49 C.F.R. § 26.53(f), code sections 2-1356- 2-1380, and 2-1441- 2-1480 of the COA code of ordinances, as may be amended from time to time.

OCC will not allow a prime concessionaire or prime contractor to substitute or terminate a diversity program certified entity without OCC's prior written consent, which will be granted only upon a written finding of good cause. OCC requires completion of a form document to accompany the reason(s) for the request to terminate and/or substitute, which is available at:

<http://www.atlantaga.gov/modules/showdocument.aspx?documentid=491>

For ease of reference, the federal requirements are quoted below:

49 C.F.R. § 26.53(f)

- (1) (i) [OCC] must require that a prime contractor not terminate a DBE[/ACDBE] subcontractor listed in response to paragraph (b)(2) of this section (or an approved substitute DBE[/ACDBE] firm) without [OCC's] prior written consent. This includes, but is not limited to, instances in which a prime contractor seeks to perform work originally designated for a DBE[/ACDBE] subcontractor with its own forces or those of an affiliate, a non-DBE[/ACDBE] firm, or with another DBE[/ACDBE] firm.
- (ii) [OCC] must include in each prime contract a provision stating:
 - (A) That the contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless the contractor obtains your written consent as provided in this paragraph (f); and
 - (B) That, unless your consent is provided under this paragraph (f), the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE[/ACDBE].
- (2) [OCC] may provide such written consent only if [OCC] agree[s], for reasons stated in [OCC's] concurrence document, that the prime contractor has good cause to terminate the DBE[/ACDBE] firm.
- (3) For purposes of this paragraph, good cause includes the following circumstances:
 - (i) The listed DBE[/ACDBE] subcontractor fails or refuses to execute a written contract;
 - (ii) The listed DBE[/ACDBE] subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that good cause does not exist if the failure or refusal of the DBE[/ACDBE] subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the prime contractor;
 - (iii) The listed DBE[/ACDBE] subcontractor fails or refuses to meet the prime contractor's reasonable, nondiscriminatory bond requirements.
 - (iv) The listed DBE[/ACDBE] subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness;
 - (v) The listed DBE[/ACDBE] subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant 2 CFR Parts 180, 215 and 1,200 or applicable state law;
 - (vi) [OCC] ha[s] determined that the listed DBE[/ACDBE] subcontractor is not a responsible contractor;
 - (vii) The listed DBE[/ACDBE] subcontractor voluntarily withdraws from the project and provides to [OCC] written notice of its withdrawal;
 - (viii) The listed DBE[/ACDBE] is ineligible to receive DBE[/ACDBE] credit for the type of work required;
 - (ix) A DBE[/ACDBE] owner dies or becomes disabled with the result that the listed DBE[/ACDBE] contractor is unable to complete its work on the contract;
 - (x) Other documented good cause that [OCC] determine[s] compels the termination of the DBE[/ACDBE] subcontractor. Provided, that good cause does not exist if the prime contractor seeks to terminate a DBE[/ACDBE] it relied upon to obtain the contract so that the prime contractor can self-perform the work for which the DBE[/ACDBE] contractor was engaged or so that the prime contractor can substitute another DBE[/ACDBE] or non-DBE[/ACDBE] contractor after contract award.
- (4) Before transmitting to [OCC] its request to terminate and/or substitute a DBE[/ACDBE] subcontractor, the prime contractor must give notice in writing to the DBE[/ACDBE] subcontractor, with a copy to [OCC], of its intent to request to terminate and/or substitute, and the reason for the request.
- (5) The prime contractor must give the DBE[/ACDBE] five days to respond to the prime contractor's notice and advise [OCC] and the contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why [OCC] should not approve the prime contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), [OCC] may provide a response period shorter than five days.
- (6) In addition to post-award terminations, the provisions of this section apply to pre-award deletions of or substitutions for DBE[/ACDBE] firms put forward by offerors in negotiated procurements.

The undersigned acknowledges these requirements on behalf of the below-listed entity.
