**ADDENDUM #1**

The following questions and/or clarifications were requested by various Contractors:

1.	<b>Question:</b>	I am reviewing the RFP document and noticed on Page 9 number 4.2 states "the Proponent must be listed by ANAB to issue ISO 50001 accredited certification. TUV SUD America has ANAB accreditation, however our ISO 5001 accreditation is through the German accredited agency DAkkS. Can you please let me know if we can still proceed?
	<b>Answer:</b>	There is not enough information provided in the question to provide an authoritative response and, additionally, the City of Atlanta will not provide legal advice to Proponents. Please refer to Sections 4.1 and 4.2 of the RFP's Minimum Qualifications, which states that eligible Proponents must be accredited by the ANSI-ASQ National Accreditation Board (ANAB) of the United States and, additionally, must be listed and authorized by ANAB to issue ISO 50001 accredited certifications.
